**Subject:** Line item language

In addition to suggestions for outside section changes or additions, EHS is also looking for proposed changes or additions to line item language for consideration for House 1. Unlike prior years, FY06 House 1 will contain detailed line item language (although presumably not as detailed as what is typically proposed by the House and Senate). Please take a look at the attached state line item language for FY05 and let me know by the end of the day next Monday (October 25<sup>th</sup>) if there is wording you'd like to see added or eliminated from your line items. Thanks for your help.
